Maybe even better than free.

Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone andour servers, then from our servers to your friends device. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. There are no restrictions on the number of times a file can be downloaded. Keep your files private, or send your download linksonly to friends or family. Simply upload your file and share the link. File is free to use with no gotchas and no hidden fees. It is also allowed to link to thedownload page from websites and communities. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. Unfortunately, we can't make that part free. So try our free and simple filehosting service now. filehosting provides an easy possibility for you to send largefiles to your friends. The cost of that data transfer is covered by your internet service or the data plan on your phone. This is easy, fast and reliable filehosting!You don't need any kind of premium-accounts. You can give this download link to your friends by mail or instant messenger. You don't need any specialsoftware installed to be able to download your files. Using file, you can circumvent those limits without paying to upgrade your chastervice. You canuplad any type of file (movies, music, documents, images, zip files and more). Files can be downloaded from any computer from our high speed servers. Youdecide who you want to share your files with. Our service is completely free for everyone. Alternatively you can choose to share your download links on blogs, forums and social networking sites. We have no file size limit. Any file in any format can be uploaded and downloaded for free. Just upload the file you want toshare with your friends and we send you a download link to your file. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also,many team ch
