Unfortunately, we can't make that part free. So try our free and simple filehosting service now. Any file in any format can be uploaded and downloaded forfree. Just upload the file you want to share with your friends and we send you a download link to your file. Your wallet will be none-the-lighter! Just so we'reall 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friendsdevice. filehosting provides an easy possibility for you to send large files to your friends. It is also allowed to link to the download page from websites and communities. We have no file size limit. You can give this download link to your friends by mail or instant messenger. You can upload any type of file(movies, music, documents, images, zip files and more). You don't need any special software installed to be able to download your files. You decide who youwant to share your files with. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. Alternatively you can choose to shareyour download links on blogs, forums and social networking sites. No account or credit card is required to get started. Our service is completely free foreveryone. There are no restrictions on the number of times a file can be downloaded. Simply upload your file and share the link. When you use file, you avoidstoring the file you're sending in your cloud storage or mail server. Files can be downloaded from any computer from our high speed servers. The cost of thatdata transfer is covered by your internet service or the data plan on your phone. If only we could, we surely would! On the other hand, using file can actuallysave you money. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. Using file,you can circumvent those limits without paying to upgrade your team chat service. Keep your files private, or send your download links only to friends orfamily. File is
