Maybe even better than free.

Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. You can give this download link to your friends by mail or instant messenger. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. Simply upload your file and share the link. Unfortunately, we can't make that part free. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. It is also allowed to link to the download page from websites and communities. File is free to use with no gotchas and no hidden fees. Alternatively you can choose to share your download links on blogs, forums and social networking sites. The cost of that data transfer is covered by your internet service or the data plan on your phone. You don't need any specialsoftware installed to be able to download your files. You decide who you want to share your files with. If only we could, we surely would! On the other hand,using file can actually save you money. There are no restrictions on the number of times a file can be downloaded. No account or credit card is required to getstarted. filehosting provides an easy possibility for you to send large files to your friends. Our service is completely free for everyone. Using file, you cancircumvent those limits without paying to upgrade your team chat service. So try our free and simple filehosting service now. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from ourservers to your friends device.
