Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. Our service is completely free for everyone. No account or credit card is required to get started. You decide who you want to share your files with. Alternatively you can choose to share your download links on blogs, forums and social networking sites. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file,data is being transferred between your computer or phone and our servers, then from our servers to your friends device. Simply upload your file and share thelink. Keep your files private, or send your download links only to friends or family. filehosting provides an easy possibility for you to send large files to yourfriends. So try our free and simple filehosting service now. You can give this download link to your friends by mail or instant messenger. There are norestrictions on the number of times a file can be downloaded. Any file in any format can be uploaded and downloaded for free. The cost of that data transfer iscovered by your internet service or the data plan on your phone. It is also allowed to link to the download page from websites and communities. Just upload thefile you want to share with your friends and we send you a download link to your file. We have no file size limit. Unfortunately, we can't make that part free. You don't need any special software installed to be able to download your files. Why pay storage fees for a file that you just wanted to send to a friend orcolleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. File is free to use with no gotchas and no hiddenfees. Using file, you can circumvent those limits without paying to upgrade your team chat service. You can upload any type of file (movies, music, documents,images, zip files and more). This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. Files can be downloaded
