Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. Alternatively you can choose to share your download links on blogs, forums and social networking sites. There are no restrictions on the number of times a file can be downloaded. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. You decide who you want to share your files with. Keep your files private, or send your download links only to friends or family. You can upload any type of file (movies, music, documents, images, zip files and more). Using file, you can circumvent those limits without paying to upgrade yourteam chat service. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between yourcomputer or phone and our servers, then from our servers to your friends device. Unfortunately, we can't make that part free. The cost of that data transfer iscovered by your internet service or the data plan on your phone. If only we could, we surely would! On the other hand, using file can actually save you money. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. Simply upload your file and share the link. You can give thisdownload link to your friends by mail or instant messenger. You don't need any special software installed to be able to download your files. Any file in anyformat can be uploaded and downloaded for free. Our service is completely free for everyone. When you use file, you avoid storing the file you're sending inyour cloud storage or mail server. Just upload the file you want to share with your friends and we send you a download link to your file. No account or creditcard is required to get started. File is free to use with no gotchas and no hidden fees. It is also allowed to link to the download page from websites and communit
